KINDIFARM INCURSION

Dear Parents/Caregivers,

During Semester 2 in Science lessons, Kindergarten students have been learning about the needs of living things. Due to COVID-19 restrictions we have been unable to visit the farm for an excursion so we have organised for the farm to come to us!

We are having an incursion at school, with **Kindifarm**, for students to further learn about animals from the farm. Students will have a chance to listen to the farmer talk about the needs and growth of various farm animals, such as sheep, calves, piglets, goats, rabbits, chickens and ducks. Under supervision from their teachers and the farmers the children will be able to hold, feed and observe the animals. There will also be demonstrations of sheep shearing and whip cracking.

Students will attend a one hour interactive session during the day at school on **Thursday, 3rd December, 2020**. They should wear their normal school uniform, including their hat. **The cost is \$9.00.**

Please note that late payments cannot be accepted. Refunds will only be provided in the case of increased Covid-19 restrictions. Please complete the permission note below and return it to the office by **Monday, 30th November, 2020**.

Kindifarm is a certified Covid-Safe service provider and have an approved Covid Safety Plan. Hand washing and sanitiser will be provided. Students who are unwell or showing flu-like symptoms must not attend school.

Regards,

Miss Holloway & the Kindergarten Teachers
