

Monday, 12 July 2021

Dear Year 1 Parents and Caregivers,

Our online learning portals will be available to students tomorrow. Students can access their learning from activities via the Seesaw 'Class' app. The Seesaw platform will deliver lessons to students and allow them to submit their work back to the teacher for feedback.

Our students should already be familiar with the Seesaw 'Class' app as we have been using it in our class programs this year. However, if you need assistance to access this app at home, please read the following information.

How to Sign up to Seesaw Class

Your child will use the Seesaw Class app for home learning. This is different to the Seesaw Family app.

If your home device is a tablet or phone, download or update the Seesaw Class app in your device's app store. The most recent version of Seesaw is required for home learning. If your home device is a laptop or computer, visit app.seesaw.me

Log in

Your child will receive a 16-digit code and a QR code from their teacher that they will use to log in privately to their own journal.

You can watch the video from this link for more information:
<https://www.youtube.com/watch?v=OHB24Y-ALLY>

Please keep in mind that Seesaw has 2 apps.

1. **Seesaw FAMILY** - This is used by parents/carers to view student work and teacher feedback.
2. **Seesaw CLASS** - This is used by the student to connect with their class. Teachers will post classwork on the Seesaw CLASS app during Home Learning.

FAMILY

CLASS

If you need assistance with this or don't have any access to a device, please contact the school via **9672 1534**.
